

## LEMTRANS >> ABOUT US

Lemtrans Group is the largest transport and logistics group in Ukraine, providing freight transportation services by rail both within Ukraine and the European Union.

Founded in 1999 as a freight forwarding company, today Lemtrans is a leader in the logistics market. The Group's companies operate a fleet of freight rolling stock and containers, car maintenance facilities and container terminals.

We provide solutions to address our customers' biggest logistics challenges. Our mission is to promote reliable and sustainable economic relations.

## STRATEGIC GOALS

Hold and strengthen market leadership  
Renovation of the rolling stock by means of the lease and purchase of new wagons  
Increasing the cargo base by developing and deepening partnerships with customers.

Lemtrans is fully owned by SCM, the largest holding company in Ukraine.
